## Foster

a collaborative spirit through a rich mosaic of educational opportunities.

Become part of our amazing community and 'ohana, while it becomes part of you.

With us, teaching and learning is all around. It never stops. Students learn from teachers, teachers from students, people from place. Together, we all learn from nature and beauty and the power of Hawaiian values. From the inside out, we move ahead with hearts open, minds ready, and voices we will make heard.

*This is what's possible... when we forever learn.*
